Our Record-breaking Concert !

What an amazing Concert on Sunday 29th March at the Villa Marina.

At the end of the performance, those of us who sang knew we had taken part in a very special occasion. To sit on the stage and see the Villa virtually full; to have the composer of one of our works in the audience; to share the afternoon with our brilliant soloists and orchestra and to have an audience captivated by the relevance and beauty of the *The Mass of God with Us* and *A Mass for Peace* was something we will never forget.

Ruth Tickle's beautiful singing and Sam Hills-Field playing the haunting cello solo in Karl Jenkins *'The Armed Man'* was breathtakingly wonderful. We mustn't forget our marvellous accompanist Jennifer Bird who patiently gives us all the right notes and leads during our rehearsals.

However the lady with the baton deserves the highest praise and without our wonderful Conductor/Director of Music, Mandy Griffin, none of this would be possible. Words seem inadequate from everyone involved to thank Mandy for being SIMPLY THE BEST!
